NEWSPAPERARCHIVE®

Probably the remark is correct. Reyond question the democratic managees and spolesment will make all they can out of M. Party lead or agreed of flapt. W. I. Merry and before a will make all they can out of M. Party lead or congressional remarking an instability of this sentence is worthy of close attention. His points summarized are that this state the present year would be about as the lively and exhibitating as an ordinary fanctal lively and exhibitating as an ordinary fanctal lively and exhibitating the veto for capital of the having the veto for capital the having the veto for capital or capital ordinary fanctal probability of the factor of the second of the present of the second of the present of ssion. But having the veto for capital the harbor of San Juan del Norte to a point procession. But having the veto for cabital to work on, the men who whoop up things will make it noisy enough as the electron approaches. A storm of this kind, if it be made to the Pacific researt. From the lake to the proaches as possible, always sweeps in more or less of those who are not sure of their footing. But it effects little with those who act upon deliberate indement from a survey of the whole situation. fully overcome, time and again, by engineers the whole situation.

By making the most of this matter the democrats expect to obtain the whole delegation sent from the Pacific states to both branches east from the Pacific states to both branches.

of congress. To secure this result there will be define Atlantic selboard as much be sarriest offert and strong appeal. It will be said that the way to impress upon the mastern mind a sense of the feeling lure on this subject is to make the vote solidly, overwhelmingly democratio. This argument is a most clique betterns. Further, that it will connect the called the Atlantic selboard as much as the Pacific, that it will not injure the rail-tool interests; that it would have saved Pacific costs producers alone over \$13,000,000 and the pacific costs producer und one. A little raffection will show the two oceans through the healthick knew why. The power that sustains Chinese immitropical climato, and that the engineering difgration is mainly the republican sentiment of ficulties are far less than those encountered in he eastern states. The bill vetoed by the the construction of the Central Pacific rall the eastern same president did not have the support of a major road; that it will open up one of the richest ity of the republicans in either branch of concentration of the richest in the world and be of inesiculable ity of the reputations as course we make the course of the world and be of mediculable gress. Now it should be apparent that reputs bounds to the whole United States of the course of t Pacific states can present the restriction of Chi-port of an interview with a gentleman who has ose immigration much more effectively than passed over the Nickragua route soveral times. nose immigration much more successful.

Ho confirms the testimony of Captain Merry, democratic, Sand-front these states a solid democratic democratic delignation, and any solid like the properties of the Panama project will entail. Nicaragua is question, and all third prejudice against the Panama project will entail. Nicaragua is remarkably healthy, being ontirely free from project of the Panama project will entail.

WANTED-AN EXPENDENCE LADY SOLIC projects of the Panama project will entail. Nicaragua is remarkably healthy, being ontirely free from projects of the Panama project will entail. Nicaragua is remarkably healthy, being ontirely free from projects of the Panama project will entail. Nicaragua is remarkably healthy, being ontirely free from projects of the Panama project will entail. demonstic party as a hater and oppressor of remarkably healthy, being ontiroly free from the interior golded races will be rekindled, yellow fover or malaria of any kind. In fact, "he says, "it is just such a dimeto as I

in man have added their unputs to the rolls of officers it trades hulter organizations within the man of the m

John F. Swift, of California, one of the United States in order that Chinese immigra-

The speech of General Skoboloff to the Servian students in Paris was undoubtedly quite accurately reported at the time; at any rate it created a great deal of sensation all over the world because of the belief in the accuracy of the reporter. But the New York Times publishes a revised report, which is perhaps more literally true than the other. It is as follows: "Gentlemen, we Hieve have got to fight the Germans. Yunderstamme! I'm perfkly solor, and I repeat it, we've gotter fight the Germans."

ot to recuperate broken health. In

East Pourtax a April 5, 1892. If there is to be connection between the At- To the Emres of the Origonias paintic and Pacific means, it will be through what is known as the Nicaragon route. De Lesseps's scheme is too cypendaye, Eads' rail-way project is impracticable. Only the projection to use the matural wastersecond the It is a common requark that the veto of the Chinese iminigration all will place the repulse of the Pacific states at a disalvantage, or to the Pacific states at a disalvantage. Probably the remark is covered. Heyond question to use the mattral practicages of the probably and proposed and spokesmentally expense and probably adventage. The groud jury found the poor farm manner will make all shey can out of M. Darty lead congressional remainities in Washington last which writing this utility and the superficiency. While writing this utility would be about this state the present year would be about as even now a 400 ton steamer chan pass from the control poor, wo continue to make the mattral practicable. Only the proposition for the ground interest a large much proposition of the poor farm mannered the probably much below the trial was the found to the weather that with the with a twill will say from the ground interest.
